

HADASSAH'S HOPE

REACH RESTORE EQUIP

Hadassah's Hope began more than 10 years ago to reach women who work in the adult entertainment industry. Karen Donovan started this ministry as the Lord gave her a burden to reach to and love the lost. Hadassah's Hope tangibly demonstrates Christ's love by offering the hope of Jesus Christ. We are passionate about sharing the Gospel with everyone in the adult entertainment industry in our city. Our ministry is made up of volunteers that are committed to ministering to woman right where they are and pointing them to Jesus, our only source of Hope. We have chosen to call this ministry Hadassah's Hope, because of the compassion we hold for others and the HOPE we have in JESUS.

This is a very unique ministry! A small team of women invests about two hours twice a month going to a local strip club. Inside the club, the team will set up a table filled with delicious food prepared by the food team, and engage in conversation with the club staff. Each time the team visits the club, there is at least one male serving with them to pray and provide security outside.

WE NEED YOU!!! Will you prayerfully consider partnering with this ministry? We have many different ways to serve depending on your gift of service.
